OEM STYLE SOFT TOPS

RT Off-Road's OEM Style Replacement Soft Tops are a perfect way of replacing a worn and drafty top with foggy windows and broken zippers. This direct replacement top includes cloth and either clear or tinted windows. Factory frames and hardware must be reused.

Model	Year	Tinted Windows	Color	Part #
JK 2DR	07/09	Yes	Black Diamond	RT10535T
JK 4DR	07/09	Yes	Black Diamond	RT10635T

BOWLESS SOFT TOPS

RT Off-Road's Bowless Soft Top installs directly over the factory roll bar. It requires no additional supports and still maintains a snug fit. This design allows for larger side windows to improve visibility. When the side and rear windows are removed, the top converts into an open air safari top. Each top includes tinted windows and storage pockets.

Model	Year	Color	Part #
JK 2DR	07/16	Black Diamond	BRT20035T
JK 4DR	07/16	Black Diamond	BRT20135T

Note: Requires windshield channel, factory soft door surrounds and tail gate bar which are standard equipment on factory soft top applications. If the soft top is replacing a hard top application, additional parts are required and can be purchased separately.

COMBO BEACH TOPPERS

RT Off-Road's Combo Beach Toppers allow occupants to enjoy the open air feel while staying protected from direct sunlight and an unexpected rain shower. Each kit is designed to be a versatile system, allowing for partial or full interior coverage. Windshield channels are sold separately and may be required.

Model	Year	Color	Part #
JK 2DR	07/16	Black Mesh	CB30011
JK 2DR	07/16	Black Diamond	CB30035

JK 4DR	07/16	Black Diamond	CB30135
JK 4DR	07/16	Khaki Diamond	CB30136

WINDBREAKERS

RT Off Road's Windbreakers deflect the air behind the driver and passenger seats, creating a more pleasant environment for conversation and listening to music. They mount behind the front seats to the factory roll bar and extend to the floor, reducing wind, moisture, and dust from entering the passenger compartment.

Model	Year	Color	Part #

FULL COVERS

RT Off-Road's Water Resistant Covers are designed to protect the vehicle from sun, dirt, dust, moisture, and pollution. The cover accomplishes this while also being breathable enough to reduce moisture and temperature buildup. Includes cover, lock, cable, and storage bag.

Model	Year	Color	Part #
JK 2DR	07/16	Gray	FC10209
JK 4DR	07/16	Gray	FC10309

CAB ONLY COVERS

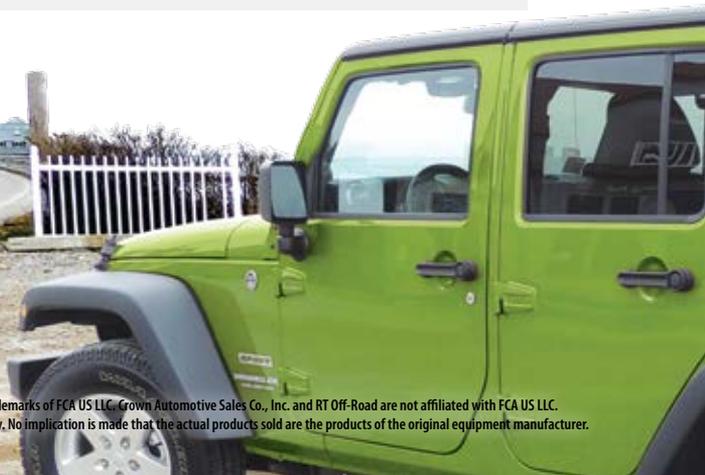

RT Off-Road's Cab Covers were designed for a tight fit that will last for years. The elastic bottom and straps will keep the cover tight to the body. The compact design provides easy storage when not being used.

Fits over factory soft or hard top. Non-water resistant.

Model	Year	Color	Part #
JK 2DR	07/16	Gray	CC10509

HEAVY DUTY BUMPERS

RT Off-Road's Heavy duty Front Bumper is a steel constructed upgrade over the factory bumper. The plate steel and tubular steel construction is protected with a durable textured black powder coat. Bumper includes winch mount, winch fairlead mounting holes, and additional holes for mounting lights. Includes all hardware needed for installation, installs into factory locations, and does not require any drilling or modification.

Model	Year	Position	Part #
JK	07/16	Front	RT20013

RT Off-Road's Rear Bumper is a heavy duty steel constructed upgrade over the factory bumper. The 3/16" plate steel construction is protected with a durable textured black powder coat finish. This rear bumper includes mounting points for D-rings and a large recess for oversized tire clearance. Includes all hardware needed for installation, installs into factory locations, and does not require any drilling or modification.

Model	Year	Position	Part #
JK	07/16	Rear	RT20014

ROCK CRAWLER BUMPERS

Introducing RT Off-Road's Front Rock Crawler Bumper. This heavy duty winch-ready bumper will eliminate any possibility of damage to the grille and fender area of the Jeep as well as function as a recovery point. Installation is as simple as removing the factory bumper and installing the Rock Crawler Bumper. Each kit includes a bumper and all hardware needed to install it.

Durable, textured black powder coat finish. Accepts most winches up to 9,000 lbs. 2 D-Ring Mounts. Full fender to fender protection. Easy No-Drill Installation.

Model	Year	Color	Part #
JK	07/16	Black Textured	RT20015

TUBE BUMPER

RT Off-Road's Double Tube Bumper design is sure to freshen up the look of any JK Wrangler™. This bumper is constructed out of 3" diameter tubing and have a durable powder coated finish. Designed to install in the factory holes and require no additional drilling or modifications this is a quick and no-hasstle installation.

Rear Bumper

Model	Year	Part #
JK	07/16	RT20019

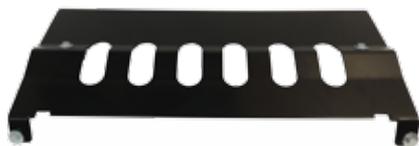

SKID PLATE

Replace the factory plastic brush guard with a heavy duty plate steel skid plate. Keep the electronic sway bar disconnect and steering components safe from rocks, brush, and any potential contact. Direct bolt in design using existing holes. No drilling required. Installs with basic hand tools.

- Black Powder Coat Finish
- 3/16" Plate Steel Construction
- Drilling not required
- Includes all hardware needed for installation

Model	Year	Part #
JK	07/16	RT20017

ROCKER PANEL GUARDS

RT Off-Road's heavy duty rocker panel guard set is a required upgrade for serious rock crawling off-road enthusiasts. The heavy duty tube steel construction protects the vehicles rocker panels from rocks, trees, and all other obstacles one may encounter on the trail. They are protected with a textured black powder coated finish that will provide years of protection. Kit includes both driver and passenger side rocker panel guards, all hardware needed to install, and installation instructions.

- Heavy Duty Tube Steel Construction
- Textured Black Powder Coat
- Protects rockers from trail obstacles
- Mounting Hardware Included
- No Drilling Required

CB Radio Antenna Mount

RT Off-Road's CB Antenna Mount allows any JK owner to easily mount a CB antenna to its tailgate. Included is a textured black powder coated bracket and the necessary mounting hardware. It mounts to the tailgate using the spare tire mount holes. No drilling necessary.

Model	Year	Part #
JK	07/16	RT26074

Spare Tire Carrier Spacer

Mount an oversized spare wheel and tire to the OE spare tire mount with RT Off-Road's Spare Tire Spacer. It raises the spare tire & wheel up 2" and spaces it out 2" resulting in improved ground clearance as well as increased tire clearance to the tailgate. Up to 1.5" of left or right wheel offset is allowed to allow for the use of other bolt-on accessories.

- Brackets feature textured black powder coat
- Includes all necessary mounting hardware

Model	Year	Part #
JK	07/16	RT20676

SPACER LIFT KITS

Improve the look and off-road performance of any JK Wrangler™ with RT Off-Road's Lift Kit. This kit lifts the vehicle 1 ¾", improving ground clearance allowing the use of oversized tires.

- Fits all available models
- 1 ¾" Poly Spacer Kit
- Black Polyurethane construction
- Shocks are not included

RT21035

Model	Year	Comments	Part #
JK	07/16	1 ¾" Lift	RT21035

DROP PITMAN ARM

Improve steering performance with RT Off-Road's Drop Pitman Arm. Lifting a Jeep without addressing the steering angles often times results in bump steer and decreased turning radius. Installation of this drop pitman arm will reduce the operating angle of the drag link, resulting in improved steering feel and less wear on steering parts. Each arm is designed to bolt in place of the factory piece with no interference issues.

- Improve Steering Feel
- Reduce Drag Link Angle
- Improve Turning Radius
- Designed to bolt in place of OE arm

RT21036

Model	Year	Comments	Part #
JK	07/16	LHD, with 6+'' Lift	RT21036

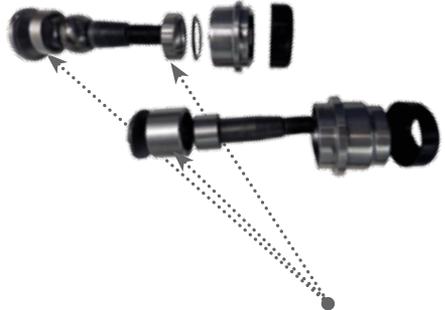

The "Heavy Duty" description is more than accurate with these ball joints. The newly designed joint is leaps ahead of the OE plastic bushings plagued with premature failure. These HD Ball Joints were manufactured with sintered metallic bushings. This new bushing is highly resistant to wear and damage. The assembly is greasable to extend the life of the already durable bushings specifically engineered for vehicles with larger tires, lift kits, and heavier accessories. They install without any fabrication or modification to the factory mounts using tools that can be purchased or rented at a local parts store. The HD Ball Joints are also backed with an industry leading 12 month warranty. Each set includes one upper and one lower Ball Joint with all required hardware needed for installation.

Model	Year	Part #
JK	07/16	RT21002

Set includes 1 Upper and 1 Lower Ball Joint with Hardware.

- Heavy Duty Replacement of Factory Ball Joints
- Heavy-Duty Sintered Metallic Bushings
- Greasable
- Includes All Hardware Needed for Installation
- Sold In Sets (Must Order two sets to complete one front axle)

SINTERED METAL BUSHINGS

HD DIFFERENTIAL COVERS

Protect expensive differentials with a Heavy Duty Differential Cover from RT Off-Road. These covers are constructed of 3/8" high grade forged steel with a raised fill plug for extra oil capacity. They feature strengthening ribs to ensure a broken or peeled differential cover doesn't cut the day short. The mating surface is machined flat to ensure a leak-free fitment. All covers are finished in a red powder coat and include flanged hex bolts as well as RTV.

- Constructed of 3/8" Forged Steel
- Mating surface machined flat to prevent leaks
- Raised fill plug for increased oil capacity
- Powder Coated Red
- Includes hardware and RTV

JK	07/11	RT24006

RT Off-Road Stainless Steel Brake Lines are designed for modified vehicles requiring additional length and performance. The additional length and stainless construction provides long lasting performance on modified vehicles. All brake lines are D.O.T. approved, 50 state legal. Each kit includes stainless lines to replace the factory soft lines, mounting brackets, junction blocks (if required), copper washers, and mounting hardware.

- Braided Stainless Steel Construction
- Fits Models with 0-6" of lift
- D.O.T. Approved

Model	Year	Comment	Part #
JK	07/10	Up to 6" Lift	RT31029

HIGH PERFORMANCE BRAKE ROTORS

High Performance Brake Rotors from RT Off-Road are designed for the most extreme abuse. These Brake Rotors were tested on: the steep descents in Moab, Utah; stop and go traffic in Boston, Massachusetts; and the long range treks in-between. Each brake rotor is machine slotted and cross drilled to provide maximum cooling. This rapid cooling helps eliminate brake fade and potential warping. The design rapidly expels friction gases, debris, and water from the rotor and pad surface. You can expect greater braking response, increased performance, longer life, and a sporty new look!

Model	Year	Comments	Location	Part #
JK	07/16	With 11.89" Diameter Rotor	Front	RT31025
JK	07/16	With 13" Diameter Rotor	Front	RT31044
JK	07/16		Rear	RT31026

COMPLETE BRAKE KITS WITH DRILLED & SLOTTED ROTORS

High Performance Brake kits couple our cross-drilled and slotted rotors with brake pads and a hardware kit which includes such items as boots, springs, sleeves and pins (depending on the kit.) Replacing the pins and boots on your calipers will ensure that they will function at peak performance along side the rotors. We offer everything needed to maximize braking performance, all in one box.

Attaches to roll bar with hook and loop straps. Light also has a magnetic strip that will attach to metal when removed from the hook and loop strap. Takes 3 AAA batteries, not included.

Model	Part #
Universal	RT28007

CLINOMETERS

RT Off-Road's new clinometers are an awesome way of ensuring that passengers are safer while off-road. They include a roll gauge which will tell how off-camber the vehicle is at all times, along with a pitch gauge which will show how steep of an incline or decline is being conquered. These clinometers are easy to install and adjust using the included adhesive backed base. Fits all vehicles.

2 D-Rings with spacers	RT33006

VEHICLE RECOVERY KIT

The RT Off-Road Vehicle Recovery kit is the most convenient collection of recovery parts available. This kit contains everything needed to complete a complex winching operation as well as individual items that will aid in more simple situations. All items are stowed away in a heavy duty polyester bag. Be prepared and have the right tools ready for vehicle recovery.

- Includes: Recovery Strap, Tree Saver, Snatch Block, Two D-Rings, Winch Line Dampener, Gloves, and a Recovery Bag
- The Recovery Tow Strap is rated for 20,000 lbs. and features leather-wrapped ends.
- The Tree Saver is rated for 30,000 lbs. and is used to guarantee the well-being of trees when recovering with a winch.
- Leather-Palmed Gloves and a winch line dampener are added to increase the safety of all persons using this kit.
- The Recovery bag is oversized to accommodate for storage of additional accessories.

THROTTLE BODY SPACER KITS

Improve the performance and fuel economy in any JK Wrangler with an RT Off-Road Throttle Body Spacer Kit. The heart of this kit is a black anodized aluminum spacer that is designed to provide a smoother, faster, and more dense air charge resulting in an increase in horsepower, torque, and fuel economy. Also included in the kit is a gasket and mounting hardware. This kit works with both factory and aftermarket air intake systems.

COMPLETE HOOD SET

Model	Years	Color	Part #
JK	07/16	Stainless	RT34077

Improve the look of any Jeep with RT Off-Road's Hood Catch Kit. This kit is designed to bolt in place of the OE hood catches. All necessary hardware is included for installation.

Includes a pair of hood catches.

Model	Years	Color	Part #
JK	07/16	Stainless	RT34075

Locking

Bolt on security for the engine compartment and under hood accessories with a Locking Hood Catch Kit from RT Off-Road. Included with each kit is a pair of black powder coated 304 stainless steel Hood Catches, a set of pre-installed lock cylinders with keys, and all necessary hardware. Hood flutter, a very common problem with all Jeep® JK's, is eliminated by omitting rubber from the construction of the kit. This kit fits in place of the factory hood catches; a no-drill installation.

Model	Years	Color	Part #
JK	07/16	Black	RT26057

GRILLE INSERTS

Complete the look of the factory grille with RT Off-Road's Grille Inserts. Each kit includes snap-in or bolt-in insert(s) finished in polished stainless steel, chromed plastic, black plastic, or black powder coated aluminum. All kits include everything you need for installation.

Quick Release Mirror Set

RT Off-Road's Quick Release Mirrors are a great solution for those who want to drive without doors, but require side view Mirrors. The gloss black powder coated brackets mount directly to the side of the upper windshield hinge. The included Mirror Arms and Heads attach to the Brackets with a thumb screw to allow for a quick release. Each kit includes two 6" round Mirrors, two Arms, two Brackets, and all hardware needed to mount them to the vehicle.
